

Hey Parents,

What foundation do we stand on? Is it sand or rock? Do we catch ourselves sinking, or do we stand firm in our identity, hope, and faith? This weeks EDGE Night was all about a Firm Foundation in Christ.

We started off the night with a balancing game to help everyone see that it is easier to stay standing when you are on a stable foundation (or a foundation made of rock). After the game we talked about the parable of Luke 6: 46-49, and how any foundation other than God will eventually crumble. God is the **ONLY** solid foundation for our life because only God is eternal, perfect, all knowing and loving. At the end of the night the small groups were to bury in sand the things that make their foundation crumble, and write on rocks some reasons of how God is a "rock" for us.

Next week we will have a night called The Sower. This night is about understanding their obligation to spread the message of Jesus and help others grow in their faith.

Thank you Parents for all that you do, and keep praying as the Holy Spirit moves within us all!

Peace,

Anna Schmidt
